*HQS US Army Garrison Fort Drum, NY
Fort Drum Regulation 420-3

*This regulation supersedes HQS US Army Garrison Ft Drum Reg 420-3 dated 1 July 2018.

1. PURPOSE. This regulation sets forth laws, restrictions and procedures for hunting, fishing, and other outdoor recreational activities on Fort Drum Military Installation.

2. GENERAL INFORMATION & RESTRICTIONS
   a. Recreational use of Fort Drum is secondary to requirements of the military mission and a privilege for all persons. The actions and behavior of individuals will be considered when authorizing access.
   b. Hunting, fishing, and other recreational use of Fort Drum is in accordance with federal laws, New York State laws, New York Environmental Conservation laws pursuant to provisions of Section 11-0321, and Fort Drum regulations and supplemental orders issued by the Installation Commander. It is the responsibility of the recreationist to know the regulations. The most up-to-date Fort Drum regulations are available on the web site (https://FortDrum.isportsman.net); recreation maps are available at all times outside of Bldg. S-2507.
   c. Failure to comply with lawful orders, posted signs, or written notices is illegal. Violation of this regulation may result in apprehension, prosecution, and/or loss of recreational privileges on Fort Drum.
   d. By entering the Fort Drum Military Installation, individuals have consented to the search of their person or vehicles by law enforcement personnel, and the confiscation of all evidence of unauthorized activities.
   e. All observed violations of federal, state or Fort Drum regulations or laws must be reported to the Military Police (315-772-5156 or 315-772-5157).
   f. All recreationists must understand the life threatening hazards associated with touching unexploded ammunition that may be uncovered in the Training Area. No person shall touch suspected unexploded ammunition and will immediately report its location to Range Branch, Bldg. P-4855 (315-772-7152). If Range Branch cannot be reached, contact the Military Police, Bldg. P-10715 (315-772-5156 or 315-772-5157). Recreationists who would like more information or a short briefing on the identification and hazards of unexploded ammunition should contact the Scheduling Section of Range Branch, Bldg. P-4855 (315-772-5673 or 315-772-5275).
   g. Persons observing wildland fires must notify Range Branch, Bldg. P-4855 (315-772-7152). If Range Branch cannot be reached, contact the Military
h. Accidents and lost persons must be immediately reported to Range Branch (315-772-7152). If Range Branch cannot be reached, contact the Military Police (315-772-5156 or 315-772-5157).

i. Blaze (Fluorescent) Orange Clothing. All recreationists in Fort Drum training areas from 1 September – 30 March and 1 May – 31 May are required to visibly display a minimum of 144 square inches of blaze orange on the front and back of their upper bodies, and also wear blaze orange headgear when in the field or engaged in a recreational activity outside their vehicle. Exceptions to this blaze orange requirement are:

1. Any activity between 1 June and 31 August.
2. Archery/crossbow hunters in Archery Hunting Only Areas (including the Cantonment Area, except in Cantonment Hunting Area 80 during the regular deer season).
3. Archery/crossbow hunters while in a stand at least 10 feet above the ground outside an Archery Hunting Only Area. Archery hunters in the Training Area outside the Archery Hunting Only Areas walking to a stand must wear blaze orange headgear.
4. Waterfowl hunters must wear blaze orange headgear while walking to and from their hunting areas, but do not have to wear blaze orange while sitting in a blind, retrieving a bird, or in a boat.
5. Turkey and predator hunters must wear blaze orange headgear while walking to and from their hunting areas, but do not have to wear blaze orange while sitting in the woods if 144 square inches of blaze orange is placed in a tree within sight of their hunting location. Predator hunters at night (after one-half hour after sunset and before one-half hour before sunrise) do not have to wear blaze orange.
6. Anglers actively engaged in fishing from a boat, road, at a designated angler site or on ice do not have to wear blaze orange. Anglers walking to and from their fishing areas or fishing along streams must wear blaze orange headgear.
7. New York State law requires big game firearm hunters age 14 and 15, and their mentors, to wear fluorescent orange or pink visible from all directions. The exposed shirt, jacket, or vest must have at least 250 square inches of solid or patterned fluorescent orange or pink (the pattern must be at least 50% orange or pink) OR a hat with at least 50% fluorescent orange or pink. On Fort Drum, the exposed shirt, jacket, or vest AND hat must be worn and can be either blaze orange or pink.

j. No person shall discard, bury or dispose of any trash, waste or litter on Fort Drum. This includes the use of flagging, cat's eyes, or other items used to mark trails or hunting locations. Trail markers must be biodegradable or removed after use. Recreationists must carry out everything that is carried in. Entrails are biodegradable and do not constitute litter but must be discarded further than 50 feet from a road, trail, or permanent water body with no plastic bag, gloves, or other non-biodegradable materials included. See paragraph 9(q) for more information about gutting/field dressing deer in the Cantonment Area. Animal carcasses taken on Fort Drum can be dumped on Fort Drum, but must be out of sight of a range complex or building and further than 50 feet from a road, trail, or permanent water body with no plastic bag, ground cloth, gloves, or other non-biodegradable materials included. In the course of trapping, trappers may skin their catch along their trapline and leave carcasses in the field.

k. Open fires are prohibited in the Cantonment Area with the exception of designated sites in Remington Park or RV areas in accordance with park rules or with written permission by the Fort Drum Fire Chief. Caution shall be exercised in the use of warming or cooking fires in the Training Area and the following provisions must be followed:

1. The fire must be contained in a campsfire ring.
2. All combustible materials surrounding the fire must be cleared for a distance of at least 10 feet.
3. No cutting or limbing of trees is allowed.
4. The fire must be attended at all times.
5. The fire must be completely extinguished (i.e., cool to the touch) when not attended.

l. No person shall injure, deface, or disturb any part of a building, range structure, sign, equipment, or property found on Fort Drum.

m. The collection of any artifact (such as old bottles, coins, etc.), disturbance of any feature related to past human activity, and the collection of paleontological specimens on Fort Drum is prohibited. The use of metal detectors on Fort Drum is prohibited. Violators will be prosecuted under both the civil and criminal provisions of the Archeological Resources Protection Act, 16 USC Sections 470ee-470ff.

n. Unauthorized excavation or digging is prohibited, including removal of natural material (e.g., rocks, sand, etc.). Minor digging and temporary use of soil for the purpose of trapping or removing mushrooms and/or ramps/leeks is permitted.

o. Cutting, digging up, removing, or defacing trees is prohibited. Removing live vegetation (other than fruit, mushrooms, ramps/leeks, asparagus, fiddleheads, dandelions, or rhubarb) for any purpose whatsoever is prohibited.

p. Feeding, harassing or molesting of any wildlife is prohibited.
q. Picking up, disturbing or taking government equipment, ordnance, munitions, or parts of the same is prohibited.

r. Disturbing, molesting, or removing traps and/or trapped animals of trappers is prohibited.

s. Persons recreating on Fort Drum are required to complete and return all surveys they receive from Fort Drum’s Natural Resources Branch.

3. ACCESS PASSES
   a. Recreational Activities. A recreational activity on Fort Drum in regards to this regulation is defined as the following: hunting (including scouting); fishing; boating (including canoeing and kayaking); trapping; camping; target shooting (see paragraph 15(c)); wildlife viewing and/or photography; harvesting fruit, mushrooms, ramps/leeks, asparagus, fiddleheads, dandelions, and/or rhubarb (for private use only and not for commercial purposes); picnicking; hiking; geocaching; dog walking or training; cross country skiing; snowshoeing; bicycling; horseback riding; snowmobiling (only in Training Areas 7E, 7F, and 7G); and ATV riding (on recreational roads around Training Areas 7E, 7F, and 7G).

   b. Firewood cutting is not defined as a recreational activity, but a pass must be obtained through https://FortDrum.iSportsman.net and check-in/check-out procedures in paragraph 4 apply.

   c. Recreational Access Pass. In order to provide safe and compatible use of the Fort Drum Military Installation, ALL persons utilizing the Fort Drum Training Area for recreational use (including driving through the Training Area on a non-public or designated recreational road) must possess and display a valid Fort Drum Recreational Access Pass.

   d. Recreational Access Pass Exceptions. A Recreational Access Pass is not required:

     (1) To recreate in Mud Lake if access is gained via Lake Bonaparte, on the Black River or Indian Pond if access is gained off the installation. If the recreationist sets foot on the shores of Fort Drum, a Fort Drum Recreational Access Pass is required.

     (2) To recreate in the Cantonment Area for other purposes besides hunting.

   e. Recreational Access Passes are available online through the https://FortDrum.iSportsman.net website. By applying for an Access Pass on-line, registrants are acknowledging the hold harmless agreement and requirement to register weapons (if applicable), as well as the requirement to obtain and possess applicable NYS licenses. There are ten types of recreational access passes: hunting-big game, hunting-small game, hunting-nighttime predator, hunting-cantonment area, hunting-disabled access, fishing-general, fishing-nighttime, trapping, camping, and other recreational activities. Eligible recreationists may apply to any number of passes. Fort Drum Recreational Access Passes are free of charge to all persons.

   f. All recreationists on Fort Drum must have their valid Fort Drum Recreational Access Pass in their vehicle even if parked on a public highway. Upon entry into the Training Area, the Fort Drum Recreational Access Pass must at all times be clearly displayed with the pass numbers facing up, on the driver side dashboard, windshield, or window for every person in the vehicle. If entering Fort Drum without a vehicle, the pass must be on their person.

   g. All recreationists 18 years of age or older must have a government-issued photo I.D. (e.g., military I.D., driver’s license) on their person while engaged in any recreational activity on Fort Drum. New York State hunting, fishing and/or trapping licenses are required on Fort Drum. Government-issued documents must be produced upon demand to any Law Enforcement Officer or individual who provides identification as an official of Fort Drum.

   h. Possession of a Fort Drum Recreational Access Pass does not give approval to enter the Training Area without following appropriate check-in procedures, in accordance with paragraph 4.

4. CHECK-IN/CHECK-OUT PROCEDURES
   a. Recreational Access Passes or Forest Product/Firewood Permits must be obtained prior to check-in. See Paragraph 3 for access pass information.

   b. Sportsman’s Hotline. Recreational users/firewood cutters must check-in daily telephonically with Range Branch through the Sportsman’s Hotline (https://FortDrum.iSportsman.net or 1-855-267-9770). Check-in must be done prior to entering the Fort Drum Training Area or Cantonment Area Hunting Areas. The Sportsman’s Hotline is updated at approximately 3:00pm and lists the training areas that are open for recreation/firewood cutting the following day. Recreationists may check in up to three areas at a time. If changing areas, recreationists must check-out and then check-in again listing the new areas. Check-out is required at the end of the day and must be completed two hours after sunset. Failure to comply with check-in/check-out procedures is grounds for terminating the individual’s access to Fort Drum for recreation/firewood cutting.

   c. Night or Overnight Activities. Recreationists engaged in nighttime fishing, predator hunting, and/or camping activities in the Fort Drum Training Area must obtain the appropriate pass (hunting-nighttime
predator, fishing-nighttime, and/or camping) and check-in through the Sportsman’s Hotline (https://FortDrum.iSportsman.net or 1-855-267-9770). Upon reaching their destination in the Training Area, only recreationists engaged in camping must contact Range Branch (315-772-7152) and confirm their location and the number of campers in their party. These are the only recreational users authorized to be in the Fort Drum Training Area outside the hours in paragraph 5(o). No recreationist from 1 September – 30 March and 1 May – 31 May may drive in the Training Area two hours before sunrise without contacting Range Branch (315-772-7152).

d. A Joint Access Policy allows recreationists to fish and trap in training areas that are otherwise closed if recreational activities do not interfere with military training. To determine if access is possible, anglers/trappers must check in with Range Branch telephonically (315-772-7152) or physically (Bldg. P-4855) to speak to Range Branch personnel. The Joint Access Policy for hunting only exists for waterfowl hunting in Training Areas 13A and 17B as part of a lottery hunt (see paragraph 10 for more information). If authorized by Range Branch personnel to access an area for fishing or trapping, check-in is still required via the Sportsman’s Hotline—press “Joint Use” as an area option.

e. If recreating only along a road and not entering a specific subtraining area (e.g., scouting, birdwatching, driving, etc.), then check-in via the Sportsman’s Hotline and select “Road Recreation” as the area option. The recreationist shall not leave the maintained portion of the road for “Road Recreation.” Driving to and from a subtraining area for recreation, is not considered “Road Recreation.”

f. For check-in/check-out requirements for Cantonment Area hunting, see paragraph 9(e).

5. RESTRICTED AREAS & TIMES

a. The Fort Drum Military Installation, and any part thereof, may be closed without notice at the discretion of the Installation Commander.

b. Areas permanently closed to recreational use are posted with New York State yellow and green (Restricted Area) signs.

c. Recreationists are prohibited from entering environmental or archeological sensitive areas marked with Off-Limits By Order of the Commander signs or Seibert Stakes, either on foot or with motor vehicles. Seibert Stakes (a.k.a. Siber Stakes) consist of a 16 inch piece of PVC pipe with alternating rings of white, red, and yellow reflective tape mounted on a metal post approximately 4 feet above the ground. A black strip runs down the backside of each Seibert Stake. If this is visible, the recreationist is within a sensitive area and must leave immediately.

d. The Main Impact Area is off limits to all recreationists.

e. All permanently maintained structures in the Training Area including ranges (e.g., towers, buildings, concrete bunkers, trenches, etc.) except latrines are off limits to all recreationists.

f. No hunting is allowed in cemeteries. On Fort Drum, cemeteries are denoted on the Fort Drum Recreational Use Map (reference appendix B). Cemetery boundaries are defined as the mowed grassy areas around the gravesites.

g. No shooting is allowed on or across any railroad track crossing Fort Drum.

h. The Black River that borders Fort Drum is off limits for all recreational activity by military personnel except fishing from the banks in accordance with Fort Drum Pamphlet 600-5.

i. The islands on the Black River between Training Areas 6A and 6C are not part of Fort Drum Military Installation.

j. The reach of the Indian River adjacent to the Main Impact Area is off limits to all recreational activities. Fishing and boating is only permitted in the parts of the Indian River that are not adjacent to the Main Impact Area.

k. Training Area 20 and Range 48 are off limits at all times to recreationists.

l. Training Areas 4A, 4B, 4D, 5A, 5D, and 6B are open to all recreationists, but hunting is restricted to archery and crossbow hunting only during the big game season. These areas are not open during “muzzleloading only” seasons in Wildlife Management Unit 6H. These areas are NOT part of Fort Drum’s Cantonment Area Hunting Area. Possession of firearms for any purpose in these training areas during the big game season is prohibited. See NYSDEC Hunting Regulations for big game season dates. Outside the big game season, small game hunters may use shotguns or archery/crossbow, and trappers are allowed to use .22 rimfire weapons to dispatch trapped animals.

m. Training Areas 5E and 6C are open only to hunters eligible for accessible accommodations in paragraph 11(a). No other recreational activities are allowed in these areas. Refer to Paragraph 11(b) for more information to hunt in these areas.

n. Training Area 6A is open to all recreationists, but no rifles (including .22 caliber) may be used. All other weapons including crossbows, muzzleloaders and shotguns are allowed for hunting.

o. Entry onto Fort Drum property by any means may begin two hours before sunrise. Recreationists must actively begin leaving Fort Drum at sunset and must be off the installation no later than two hours after sunset. Persons requesting to remain on or to enter the Fort Drum Training Area outside normal recreational hours listed above must be accompanied by personnel from Range Branch (315-772-7152) and/or the Military Police, (315-772-5156 or 315-772-5157), or possess a valid recreation pass for night or overnight activities (see paragraph 4(c)).
p. Persons requesting to enter permanent or temporarily off limits areas for wounded game, lawfully taken big game, lost hunters, etc., must be accompanied by personnel from Range Branch (315-772-7152) and/or the Military Police (315-772-5156 or 315-772-5157). The use of ATVs and POVs are permitted to access trails and roads not designated as recreational roads for the purpose of recovering lawfully taken big game in accordance with paragraph 6(h) through 6(i).

6. ROADS & MOTOR VEHICLES
a. It is unlawful to consume alcohol or other drugs, or be under the influence of the same, while operating a motor vehicle or boat.

b. Vehicles shall only be operated on roadways identified as recreational roads (Appendix B), or otherwise permitted in accordance with paragraphs 6(i) and 6(j). Signs stating “no civilian vehicles beyond this point” or “road closed” will be posted if a designated recreational road is closed. Roads closed for military training will be gated/barricaded.

c. No off-road use of vehicles for 4-wheeling, mudding, etc. is allowed anywhere on Fort Drum.

d. Use of recreational roads is permitted for the following:
   (1) Traveling to any location in the Training Area open for recreation unless otherwise posted or barricaded.
   (2) Certain recreational activities (e.g., wildlife viewing, biking, horseback riding, and scouting) as long as the recreationist does not leave the road and stops in a manner not obstructing traffic.
   (3) Traveling to or from your residence in the most direct route possible.
   e. Vehicle parking is restricted to designated recreational roads, in parking areas at Range facilities designated with a “P” on the Fort Drum Recreational Use Map (Appendix B), at angling sites or other recreational use parking areas, or within training areas not more than 50 feet and clearly seen from a designated recreational road. All vehicles must be parked immediately next to training areas open for recreational use on that given day. All vehicles must be parked in such a manner to allow other vehicles safe passage, including not blocking access to other roads or trails not designated as recreational roads.
   f. The speed limit for all motor vehicles on Fort Drum roads/tank trails is 30 mph during daylight hours and 15 mph during hours of darkness. ATVs and snowmobiles will be operated during daylight hours only and the 30 mph speed limit applies everywhere including off-road areas where applicable. The speed limit for all motor vehicles is 10 mph when passing any pedestrian on the road.

g. Recreationists may use headlights while traveling on roads and trails although travel should be minimized during hours of darkness to reduce conflict with military operations.

h. Motorized vehicles (including snowmobiles and ATVs) are prohibited in environmentally or archeologically sensitive areas. See paragraph 5(c) for more information.

i. POVs (e.g., cars and trucks) may be used on trails and roads not designated as recreational roads for the following purposes:
   (1) Recovering lawfully taken big game. Range Branch must be contacted (315-772-7152) for approval BEFORE access on a non-recreational trail or road can occur. The transport of weapons must be in accordance with paragraph 7(d).
   (2) Hunters eligible for accessible accommodations in paragraph 11(a). See paragraphs 11(d-f) for more information.

j. Restricted use of snowmobiles and ATVs is allowed. The use of ATVs must be in accordance with all applicable laws of New York State and Army Regulation 385–10, including paragraph 6(k) of this regulation. Ranger and other side-by-side vehicles that weigh more than 1000 lbs. are not considered ATVs under NYS Law and are prohibited from recreational use on Fort Drum. Motorbikes not allowed for use on NYS public roads are not considered motorcycles or ATVs and are prohibited from recreational use on Fort Drum. Snowmobiles and ATVs may be used for the following:
   (1) Snowmobiles for recreational riding in training areas 7E, 7F, and 7G beginning December 15 after the big game hunting season. Snowmobiles must be transported into the Training Area by vehicle or trailer.
   (2) ATVs for recreational riding on designated recreational roads around Training Areas 7E, 7F, and 7G only. ATVs must be transported into the Training Area by vehicle or trailer. No riding, parking or off-loading is permitted on State Highway 3A.
   (3) ATVs and snowmobiles for Fort Drum approved trapping activities. ATVs and snowmobiles must be transported into the Training Area by vehicle or trailer, but they can be operated on roads and trails while following a trap line.
   (4) ATVs and snowmobiles for ice fishing activities on Mud Lake, Indian Pond, and Indian and Narrow Lakes only. ATVs and snowmobiles must be transported into the Training Area by vehicle or trailer. The most direct route possible from the parked vehicle to the waterbody must be taken.
   (5) ATVs on trails and roads not designated as recreational roads for the purpose of recovering lawfully taken big game. ATVs must be transported into the Training Area by vehicle or trailer. Range Branch must be contacted (315-772-7152) for approval BEFORE access on a non-recreational trail or road can occur in the Training Area. No weapon can be carried on an ATV when recovering big game; otherwise, the transport of weapons must be in accordance with paragraph 7(d).
(6) ATVs on Cool, Pannels, and North Star Spring Roads (Appendix D) for the purpose of increasing access and recovering lawfully taken big game. ATVs must be transported to the designated parking areas by vehicle or trailer. ATVs may only be used on and parked next to Cool, Pannels, and North Star Spring Roads (Appendix D)—no off-road use is allowed. The transport of weapons must be in accordance with paragraph 7(d) and 11(d). The speed limit may not exceed 10 mph.

(7) ATVs on trails and roads in Training Areas 6A, 7E, 7F, 7G, and 17D not designated as recreational roads for the purpose of hunting for those eligible for accessible accommodations in paragraph 11(a). See paragraph 11(f) for more information.

k. To use ATVs on Fort Drum, the following provisions must be followed:

(1) No persons younger than 18 years of age may operate an ATV without adult supervision—the supervising adult must remain within 500 feet of the youth. Youth six years of age and older can only operate an ATV with an engine size under 70CC; youth 12 years of age and older can operate an ATV with an engine size 70-90CC; and youth 16 years of age and older can operate an ATV with an engine size over 90CC.

(2) Passengers may not ride on ATVs unless the vehicle is designed to carry passengers.

(3) Riders must remain seated while riding.

(4) No “extreme” sport/riding. All four wheels will remain on the ground.

(5) All persons operating an ATV must have all items listed in Table 1 on their person and must show it if requested by Fort Drum authorities.

7. WEAPONS

a. All persons entering Fort Drum Military Installation Cantonment Area for the purpose of hunting, skeet, shooting, etc., must first register the applicable weapons in their possession with the Directorate of Emergency Services. Persons with registered weapons will receive a Weapons Registration Card that is to be kept in their possession at all times while on the installation with those associated weapons. Weapons that require registration include: any cartridge-firing or muzzle-loading rifle, shotgun, or handgun (pistol or revolver); pellet-firing rifles or hand guns with muzzle velocity of 600 FPS or higher; and crossbows. Bows, paintball guns, etc. do not need to be registered. Weapons do NOT need to be registered for access into the Fort Drum Training Areas. See Fort Drum Regulation 190–6 for more information.

b. It is unlawful to consume alcohol or other drugs, or be under the influence of the same, while actively engaged in hunting or target shooting.

c. No person shall discharge a firearm, bow, or crossbow so that the projectile shall pass over any part (to include from, on, or across) of a public highway or railroad. A public highway is defined as any road maintained by a state, county or town, or a Recreational Road designated on the Fort Drum Recreational Use Map, Appendix B.

d. Most weapons including crossbows and compound bows transported in a vehicle must be unloaded and cased. An unloaded weapon is a firearm without ammunition in the chamber and/or magazine, if the magazine is in the firearm. A muzzleloader is considered unloaded if the percussion cap or primer is removed from the firearm or the primer pan is empty. A crossbow is considered unloaded if it is uncocked and the bolt is removed. A cased weapon is a weapon inside a case expressly made to contain and fully enclose that weapon in such a manner that no portion of the weapon is exposed when the case is zipped, snapped, buckled, tied, or otherwise fastened. If parked on a public highway but hunting on Fort Drum, this regulation still applies. Exceptions include: (1) pistols and revolvers in accordance with paragraph 7(f); (2) weapons on ATVs for disabled hunting in accordance with paragraph 11(d); and (3) long and recurve bows that are uncased and unstrung while being transported.

e. Transporting weapons (to include firearms, bows, and crossbows) into the Cantonment Area is legal only if the weapons are in your possession at all times (i.e., not in your vehicle if you are not also present). See Fort Drum Regulation 190–6 for more information.

f. Carrying a pistol or revolver is permitted when the person is in possession of a New York State pistol permit and in compliance with the requirements of Fort Drum Regulation 190–6. Handguns may not be
carried in a concealed manner on Fort Drum. See Fort Drum Regulation 190-6 for more information.

g. Carrying a firearm in the Training Area outside of a regulated hunting season is allowed, but all applicable New York State and Fort Drum regulations apply. A hunting license is required even if unprotected animals (e.g., porcupines) are hunted.

h. No person shall possess a firearm, bow, or other hunting implement while engaged in wood cutting or other activities requiring a Forest Products Permit.

i. Crossbows are allowed in the Training Area and Cantonment Area in accordance with New York State regulations including otherwise restricted areas as stated in paragraphs 5(l), 5(m), and 5(n).

8. HUNTING IN TRAINING AREA

a. Hunting on Fort Drum will be in accordance with Environmental Conservation Laws of New York, applicable federal laws, and Fort Drum regulations. To determine seasons, bag limits, shooting times, and other information, Fort Drum is Wildlife Management Unit (WMU) 6H in the Northern Zone and Northeast Waterfowl Zone in the NYSDEC Hunting Regulations. Harvested game should be reported in accordance with NYSDEC Hunting Regulations.

b. No feeding or baiting of wildlife is allowed.

c. Refer to paragraphs 5(l), 5(m), and 5(n) for areas with designated hunting restrictions in Training Areas 4, 5, and 6.

d. Tree Stands. If using a tree stand, only commercially-available portable tree stands or tripod stands may be used on Fort Drum. Damage to trees must be minimized which includes no cutting of vegetation for shooting lanes and nothing can be screwed or nailed into a tree (including screw-in pegs). Stands may be placed in hunting areas from 1 September – 30 December and 16 April – 31 May. Stands outside this period will be considered abandoned property and removed unless prior arrangements have been made with Fort Drum’s Natural Resources Branch (315-772-9303) which will consider requests on a case-by-case basis. All unattended stands must be permanently marked with the name and phone number of the owner in such a way to be visible and legible from the ground. Stands may be left overnight, but placing a stand in an area does not guarantee or reserve that site for the hunter. Stands are left overnight at your own risk -- Fort Drum is not responsible for any lost, stolen, or damaged stands. If a stand is missing, it should be reported to the Military Police (315-772-5156 or 315-772-5157).

e. Hunters must make every effort to trail and recover wounded deer/bear. However, hunters may not violate the two hours after sunset restriction (see Paragraph 5(o)) because of wounded game. The tracking of wounded game into closed hunting areas requires the hunter to contact Range Branch (315-772-7152) and the Military Police (315-772-5156 or 315-772-5157). If wounded game goes off of Fort Drum, it is the responsibility of the hunter to obtain permission from the private landowner to enter the privately owned land.

f. Hunting for predators/furbearers is permitted at night beginning the day after the late muzzleloading deer season ends. Hunters engaged in nighttime hunting activities must obtain a Fort Drum Hunting Nighttime Predator Recreation Pass and follow check-in procedures in accordance with paragraph 4(c). The use of spotlights is allowed only when actively engaged in predator hunting. No running of dogs is allowed.

g. The use of hunting dogs is allowed on Fort Drum for day-time hunting only (to include waterfowl hunting) and in accordance with New York State regulations. Dogs must remain under the control of the owner/handler at all times. Dog owners/handlers should be aware of the danger of concertina wire in the Training Area. Fort Drum is not responsible for any injuries sustained by the dog while on Fort Drum.

h. Waterfowl hunting in designated areas in Training Area 13A off of US Military Highway and in Training Area 17B off of Matoon Creek Road are restricted. No other waterfowl hunters are allowed within the boundary of these waterfowl hunting areas (see Appendix E and F) between 1 October and the end of the waterfowl season in mid-December. See paragraph 10 for more information.

i. See paragraph 11 for information regarding disabled access hunting opportunities.

9. HUNTING IN CANTONMENT AREA

a. This section pertains to areas not designated as training areas, primarily within the Fort Drum Cantonment Area boundary southwest of Route 26. If not specifically stated below, all regulations for Fort Drum and New York State apply.

b. Deer, bear, and turkey may be hunted in the Cantonment Area—hunting for any other small game species is not allowed. Hunting season in the Cantonment Area is during the spring turkey season (May including youth weekend in April), and from the beginning of the archery deer season (late September) until the last day of the late bowhunting deer season (mid-December). Hunting in the Cantonment Area during the early bear season is not allowed. Turkey hunting with shotguns is not allowed. Consult NYSDEC regulations for exact dates for archery and crossbow seasons, and regular seasons for shotgun use for deer.

c. Hunting in the Cantonment Area is limited to only those persons possessing one of the following:

(1) Military I.D.

(2) Military Dependent or Family Member I.D.

(3) Retired Military I.D.
(4) Civilian Department of Defense (DoD) I.D. (i.e. CAC card)
(5) Retired Civilian Department of Defense (DoD) I.D.
(6) Contract personnel with DoD I.D. (i.e. CAC card with green stripe and magnetic strip).

d. To hunt in the Cantonment Area, all hunters must attend an annual Safety/Information session. Hunters must sign in and acknowledge attendance and show a valid Fort Drum Recreational Access Pass and one of the ID cards in paragraph 9(c). After successful completion of the Safety/Information session, the hunter will be validated to obtain a Recreational Access Pass for Cantonment Area Hunting.

e. Cantonment Area hunters must check-in daily through the Sportsman’s Hotline (https://FortDrum.iSportsman.net or 1-855-267-9770) prior to hunting. Scouting in the Cantonment Area is allowed at any time the same as other activities (e.g., hiking, jogging, etc.) and check-in/check-out procedures are not required. The check-in/check-out system on FortDrum.iSportsman.net is applicable only to hunting—all areas will be “closed” except during the hunting season although other non-hunting activities are allowed at any time.

f. Use of remote/trail cameras are allowed only in areas that are designated as hunting areas. Trail cameras cannot be used in Remington Park or along the Remington Park Trail or other trails where hunting is not allowed. Leaving a camera overnight is at your own risk. All cameras and their security cases must be permanently marked with the full name and phone number of the owner. Permanently marked means with a permanent marker, etching, riveting a metal tag, or other means that cannot be readily removed.

g. All vehicles must be parked on the shoulder of roads or designated areas in such a manner to allow other vehicles to pass and not cause an obstruction to traffic. Vehicles may not be parked on trails or blocking access to trails. Vehicles may be parked on the shoulder of roads after November 1, but not during heavy snow or when snow plow operations are occurring. Recreational Access Passes must be clearly displayed with the pass numbers facing up, on the driver side dashboard, windshield, or driver side window of the vehicle. Parking for areas 31-35 outside the perimeter fence must be immediately next to Fort Drum (i.e. no parking on private property, school property, etc.). Parking for Hunting Area 31 and 32 must be along Co. Rte 129, Co. Rte. 283, or Military Road; parking for Hunting Area 33 and 34 must be at the intersection of Rte. 971V and First St.; and parking for Hunting Area 35 must be in the parking area off of DES Training Center Road next to the tower (T-2580) or in the designated parking area south of the helicopter display off of Munn’s Corner Road.

h. There are 39 designated hunting areas. There is no hunting in Remington Park or the skeet range. Hunters must not hunt closer than 150 feet from designated recreational trails or Pannells Road and North Star Spring Road behind Guthrie Ambulatory Health Care. All hunting must occur within the unmaintained portions (i.e. unmowed areas) of the hunting areas and hunters should minimize their visibility from roads. Hunters must not hunt closer than 250 feet from occupied dwellings whether using archery or a crossbow. See Appendix C. Cantonment Hunting: Areas for hunting area locations and designated recreational trails; and Table 3 for descriptions of the areas.

<table>

<tr>
<th>Areas</th>
<th>Availability &amp; Restrictions</th>
</tr>
</thead>
<tbody>
<tr>
<td>30 - 35</td>
<td>Open to anyone daily from September 27 to the end of the season. These areas are outside of the perimeter fence and have designated parking areas (Paragraph 6g). No DMAPs can be used. Hunting must be conducted at least 10 feet from the ground. Harvested game are not required to be brought to Bldg. T4848 – harvested game can be reported normally through iSportsman during the daily check-out.</td>
</tr>
<tr>
<td>41 - 42</td>
<td>Hunters eligible for accessible accommodations in paragraph 11(a) may utilize these areas on a first come-first served basis when checking into iSportsman. These areas are available daily to one hunter (and an assistant). DMAPs are available to use. Hunting may be conducted from a vehicle, ATV, or mechanical device in designated areas (Appendix D.)</td>
</tr>
<tr>
<td>50 - 52 &amp; 54 - 73</td>
<td>Open daily to anyone throughout the season starting September 27 to the end of the season. DMAPs are available to use. Hunting must be conducted at least 10 feet from the ground.</td>
</tr>
<tr>
<td>53</td>
<td>Open daily to anyone throughout the season starting September 27 to the end of the season. DMAPs are available to use. Hunting can be conducted from a ground blind or elevated structure.</td>
</tr>
<tr>
<td>74 - 76 &amp; 79</td>
<td>Open to anyone on weekends, federal holidays, and training holidays only from September 27 to the end of the season. DMAPs are available to use. Hunting can be conducted from a ground blind or elevated structure.</td>
</tr>
<tr>
<td>77 - 78</td>
<td>Open to anyone on weekends, federal holidays, and training holidays only from September 27 to the end of the season. DMAPs are available to use. Hunting must be conducted at least 10 feet from the ground.</td>
</tr>
<tr>
<td>80</td>
<td>Open to anyone on weekends, federal holidays, and training holidays only from September 27 to the end of the season. DMAPs are available to use. During archery and crossbow seasons, hunting can be conducted from the ground or elevated structure—wearing blaze orange is not required. During the regular season, shotguns, archery and crossbow can be used ONLY from an elevated structure and all hunters must follow the blaze orange requirements. Turkey hunting with shotguns is not allowed.</td>
</tr>
</tbody>
</table>
i. ATV use is allowed to access hunting areas and retrieving game in Hunting Areas 78-80 only on Pannels Road and North Star Spring Road behind Guthrie Ambulatory Health Care and Cool Road. (See Appendix D.) ATVs must be transported by vehicle or trailer and parked at the designated areas in the back parking lot of Guthrie Ambulatory Health Care or the parking area near the utility substation/hazardous waste/pest control facilities (Bldg. P-11144). To access Pannels/North Star Spring roads, ATVs must follow the designated trail from the back parking lot to Pannels Road. ATVs must be parked next to the designated roads and not driven off-road; ATVs can not drive on Bedlam Road beyond the Cool Road access point. The use of ATVs must be in accordance with paragraph 6(k) and the speed limit may not exceed 10 mph.

j. Accessible hunting locations in areas 41 and 42 are available to hunters that meet the requirements in paragraphs 9(c) and 11(a). These hunters may check in on a first-come-first-served basis and may hunt from a vehicle, ATV, or other mechanical device. See Appendix D for parking areas and locations where hunting can take place from the ground. Access to these areas by a vehicle is only allowed from Mt. Belvedere across from Clark Hall. ATVs must be transported by vehicle or trailer and must be used in accordance with paragraph 6(k). The transport of weapons must be in accordance with paragraph 7(d). The engine of the vehicle must be turned off while hunting, and before the weapon is uncased. Hunting from vehicles must be in accordance with New York State regulations.

k. Hunters in Areas 53, 74-76, and 79 (see Appendix C) can hunt from a ground blind or stands less than 10 feet from the ground. Still-hunting, stalking, or deer drives are NOT allowed. Blinds left overnight must be permanently marked with the first and last name and phone number of the owner. There is no limit to the number of ground blinds per hunter. All other restrictions in paragraph 9(l) apply.

l. When hunting from a stand, all hunters are required to hunt from commercially-available portable elevated tree stands, harnesses, or tripod stands (including turkey season). Stands are defined to include the platform and climbing device if it is affixed to the tree. Still-hunting, stalking, or deer drives are NOT allowed.

(1) Arrows may not be nocked until bowhunters are safely in their treestands. Crossbows should be cocked before entering a stand, but not loaded until the hunter is in the stand. Crossbows must be cocked and unloaded and decocked within 10 feet of the stand. The only exception to have an arrow nocked or bolt loaded on the ground is to dispatch a wounded animal -- see paragraph 9(p).

(2) The use of a safety belt is required while in a stand.

(3) Except in Areas 53, 74-76, and 79, a stand must be a minimum of ten feet off the ground and must be portable.

(4) Damage to trees to be hunted from must be minimized which includes no removal of more than ten branches and none greater than 2 inches in diameter. No cutting of vegetation for shooting lanes is allowed. Nothing can be screwed or nailed into a tree (including screw-in pegs, bow hangers, or any other equipment or hardware).

(5) All unattended stands must be permanently marked with the name and phone number of the owner in such a way to be visible and legible from the ground. Permanently marked means with a permanent marker, etching, riveting a metal tag, or other means that cannot be readily removed.

(6) An individual hunter may not have more than two stands in the Cantonment Area at any given time. Placing a stand in an area does not guarantee or reserve that site for the hunter. Stands are left overnight at your own risk -- Fort Drum is not responsible for any lost, stolen, or damaged stands. If a stand is missing, it should be reported to the Military Police (315-772-5156 or 315-772-5157).

(7) Stands may be placed in hunting areas from 1 September – 30 December and 16 April – 31 May. Stands outside this period will be considered abandoned property and removed unless prior arrangements have been made with Fort Drum’s Natural Resources Branch (772-9303) which will consider requests on a case-by-case basis.

m. No feeding or baiting of wildlife for the purpose of hunting is allowed.

n. Deer Management Area Program (DMAP) permits are available to be signed out from the Natural Resources Branch (Bldg. T4848). The DMAP will be held by the hunter for the duration of the season. Additional DMAPs will be provided after a DMAP tag is filled by a hunter. All harvested deer (males and females) must be checked-in with the Natural Resources Branch (see paragraph 9(s)). DMAP permits are valid only within the Cantonment Area—DMAP permits can not be used in Hunting Areas 30-35 outside the perimeter fence. Any harvested deer can be donated through the Natural Resources Branch to a foodbank if desired. Unused DMAP tags must be returned to the Natural Resources Branch at the end of the season.

o. Hunters are not allowed to shoot deer with large fluorescent orange neck collars. These deer are part of a long-term study. All other deer (including those tagged with white or orange ear tags or with white or yellow neck collars) are allowed to be harvested.

p. Hunters with wounded game that leave the designated Cantonment Archery Hunting Area (appendix C) and/or beyond authorized access or shooting times must notify Fort Drum Law Enforcement Officials before tracking the animal by calling the Military Police (315-772-5156 or 315-772-
5157) or stopping at the Directorate of Emergency Services (Bldg. P-10715). Licensed leashed tracking dog handlers may be contacted whose activities are in accordance with paragraph 15(f).

q. Deer must be gutted (field dressed) in an area not readily observable to the general public. Deer must not be gutted within 50 feet of trails, roads, sidewalks, recreational facilities (including the skeet range, parks, campground, and ballfields), etc.

r. Hunters must tag a harvested animal per New York State regulations. For deer harvested in the Cantonment Area during the regular season, the regular season tag must be used even if archery/crossbow are the only legal weapons. During the designated archery seasons, the archery/muzzleloader tag must be used. DMPs or DMAPs can also be used any time when authorized.

s. Hunters harvesting any deer or bear within the cantonment area perimeter fence are required to bring their harvest to the Natural Resources Branch office (Bldg T-4848), located near Range Branch. Hours of operation during the entire deer season are from 7:00am – 4:30pm. Deer harvested when the check station is closed must be brought in on the next business day during normal working hours of operation. If the meat is in danger of spoiling before it can be reported, the meat may be processed but the head must be brought in for aging within three business days. Persons must call the Natural Resources Branch (315-772-9303) if other arrangements are necessary. Game harvested in areas 30-35 can be reported normally through iSportsman during the daily check-out.

10. SPECIAL WATERFOWL HUNTING AREAS

a. This paragraph applies only to two designated waterfowl hunting areas in Training Area 17B off of Matoon Creek Road (Appendix E) and in Training Area 13A off of US Military Hwy (Appendix F). Both areas are prime locations for waterfowl on Fort Drum and restricting access is meant to increase hunting opportunities throughout the season. In October – December, hunting in these areas are available ONLY to hunters drawn in a lottery system during the regular waterfowl and goose seasons. There are no restrictions for hunting waterfowl in 13A or 17B outside these designated areas.

b. Matoon Creek Road Hunting Area in Training Area 17B

(1) See Appendix E for the boundaries of this area.

(2) This special waterfowl hunting area has accessible blinds and a “waterfowl refuge” established on and around the peninsula at Matoon Creek Marsh off of Matoon Creek Road in Training Area 17B. Two universally accessible waterfowl hunting blinds are available, one each facing the east side and west side of the marsh; hunting does not have to occur from the blind, but can only be conducted facing in an easterly or westerly direction depending on the blind selected. No shooting can occur in a more than northerly direction from each blind, with the peninsula being the northern most shooting boundary from each side (i.e., no shot can pass over the peninsula). If hunting parties from each blind wish to hunt together and are safely firing in the same direction, then there are no directional shooting restrictions.

(3) There are three levels of preference for the lottery drawing: first preference are hunters with accessibility needs (see paragraph 11(a)); second preference are Soldiers currently assigned to a Warrior in Transition Unit or disabled hunters with a 100% Rating Decision in a VA Award Letter; if no hunters apply in the first two preference levels, then the lottery is conducted with all other applicants. Chosen hunters may have up to three other guests in the blind, but the hunter chosen in the lottery must be present. To reserve blinds and for more information on the lottery system, go to https://FortDrum.iSportsman.net.

c. US Military Hwy Hunting Area in Training Area 13A

(1) See Appendix F for the boundaries of this area.

(2) This special waterfowl hunting area is accessed from US Military Hwy and utilizes an old road bed next to the marsh as an access trail. This trail and edge of the marsh is referred to as the “shoreline.” There are no constructed blinds. When Training Area 13A is closed due to use of the CACTF for military training, the Joint Access Policy applies and hunting/shooting must occur from or within 2m of the “shoreline.” If Training Area 13A is open, there are no restrictions and hunting can occur anywhere (see Appendix F). Hunters will be informed of the status of the area at the time of the lottery selection.

(3) There are no preferences for the lottery. The chosen hunter may have up to three other guests in the area, but the hunter chosen in the lottery must be present. For more information on the lottery system, go to https://FortDrum.iSportsman.net.

d. Hunting in these special waterfowl hunting areas is open from a half hour before sunrise to noon on Tuesdays, Thursdays, and Saturdays. All hunters must be out of the area by 2:00 pm on hunting days.

e. To determine seasons, bag limits, and other information, Fort Drum is Wildlife Management Unit 6H in the Northern Zone and Northeast Waterfowl Zone in the NYSDEC Hunting Regulations.

f. In September, there are no restrictions or lottery during the Canada Goose Season and hunting for geese can occur throughout the designated areas. There is no lottery during the youth waterfowl weekend; however, hunting is allowed only on the Saturday of the youth weekend and is restricted to the designated hunting areas only (see Appendices E and F).
g. All hunters are still required to check-in/check-out to the Sportsman’s Hotline per paragraph 4(b).

h. The Joint Access Policy allows lottery waterfowl hunters to access these areas even when Training Area 13A or 17B is closed to recreation. Hunters that are selected through the lottery must contact Range Control (315-772-3152) to utilize the Joint Access policy on the hunting day. If closed to recreation, access to the hunting area in Training Area 17B must occur from the northern end of Matoon Creek Road (see Appendix E) and vehicles can go no further than the parking area; access to the hunting area in Training Area 13A occurs from US Military Highway and vehicles can go no further than the parking area. All vehicles must be parked in such a way to not obstruct the road. If no Joint Access is allowed due to training activities, hunters will be informed as soon as possible.

i. Hunters must have a dog, boat or other means to retrieve birds and minimize the loss of wounded animals.

j. Each hunter may not use or possess more than 25 non-toxic shells per day.

k. No other waterfowl hunters are allowed within the boundary of the waterfowl hunting area (see Appendix E and F) between 1 October and the end of the waterfowl season in mid-December.

11. DISABLED ACCESS HUNTING

a. Hunters eligible for accessible accommodations in paragraphs 9(j), 10(b), 11(b), 11(d), and 11(e) include: hunters possessing a New York State Non-Ambulatory Hunter Permit; persons with severe permanent disabilities eligible for a New York State Parking Permit or License Plate; or persons with a life-threatening illness participating through a non-profit organization. See https://FortDrum.iSportsman.net for more information and how to register.

b. Training Areas 5E and 6C are open only to hunters defined in paragraph 11(a). Specific hunting sites are designated in these areas. Information about these sites and areas can be found at https://FortDrum.iSportsman.net. Hunters wanting to access these designated areas can check into the Sportsman’s Hotline on a “first come, first served” basis. See paragraph 11(h) for information about assistants.

c. A special waterfowl hunting area with accessible blinds and “waterfowl refuge” has been established on the peninsula at Matoon Creek Marsh off of Matoon Creek Road in Training Area 17B. See Appendix E for the boundaries of this area and paragraph 10 for more information.

d. Hunters eligible for accessible accommodations in paragraph 11(a) may hunt from an ATV or POV parked in a sub-training area open to recreational use for that day. Vehicles that are hunted from must be parked off designated recreational roads (reference Appendix B, Fort Drum Recreational Use Map) in such a manner as to not obstruct traffic (i.e., all four wheels off the road), but within 50 feet and visible from the road. ATVs must be transported into the Training Area by vehicle or trailer and must be used in accordance with paragraph 6(k). The transport of weapons must be in accordance with paragraph 7(d); weapons on ATVs must be in a scabbard. The engine of the vehicle must be turned off while hunting, and before the weapon is uncased. Hunting from vehicles must be in accordance with the New York State regulations.

e. Hunters eligible for accessible accommodations in paragraphs 11(a) and eligible to access the Cantonment Area for hunting in paragraph 9(c) may hunt from an ATV, POV, or other mechanical device parked in Cantonment Hunting Area 41 or 42. Only archery and crossbow hunting is allowed. See paragraph 9(j) and Appendix C and D for more information.

f. Hunters eligible for accessible accommodations in paragraph 11(a) may hunt from an ATV on any trail/road not designated as a recreational road in Training Areas 6A, 7E, 7F, 7G, and 17D open to recreational use for that day. Hunting from vehicles must be in accordance with the New York State regulations.

(1) ATVs must be transported into the Training Area by vehicle or trailer which must be parked off designated recreational roads (reference Appendix B, Fort Drum Recreational Use Map) in such a manner as to not obstruct traffic and only next to or within the sub-training area open to recreational use for that day.

(2) ATVs must be used in accordance with paragraph 6(k). The engine of the vehicle must be turned off while hunting, and before the weapon is uncased.

(3) The transport of weapons must be in accordance with paragraph 7(d); weapons on ATVs must be in a scabbard.

g. Archery/crossbow hunters must possess a valid New York State Handicapped Archer Permit or Modified Crossbow Permit to use modified bows per New York State regulations.

h. Other persons may assist hunters that are eligible for accessible accommodations in paragraph 11(a). To assist in hunting, those persons must have a NYSDEC hunting license and Fort Drum Recreational Access Pass. Assistants may hunt at the same time, but may not hunt from a vehicle or ATV and must be in reasonable proximity to the hunter they are assisting.

12. FISHING & BOATING

a. Fishing on Fort Drum will be in accordance with Environmental Conservation Laws of New York, applicable federal laws, and Fort Drum regulations. Fishing regulations for seasons, daily limits, minimum
fish lengths, and gear restrictions differ by county and waterbody. In the NYSDEC Fishing Regulations, Fort Drum is in Region 6 in Jefferson and Lewis counties (including the Black River and Indian River).

b. All boating must be conducted under the provision of New York State Navigational Laws.

**Boats used on Fort Drum waters must be equipped with personal floatation devices** and other safety equipment as required by state and federal laws. The use of jet skis or other motorized personal watercraft is prohibited on Fort Drum.

c. It is unlawful to consume alcohol or other drugs, or be under the influence of the same, while operating a boat.

d. Fishing is permitted on Fort Drum 24 hours a day except in permanently restricted areas (see Paragraph 5) and Remington Pond where fishing is permitted in accordance with park operating hours. A Joint Access Policy exists on Fort Drum to allow anglers access to training areas when military training is occurring. See paragraph 4(d) for more information. Recreationists engaged in nighttime fishing activities must obtain a Fort Drum Fishing-Nighttime Recreation Pass and follow check-in procedures in accordance with paragraph 4(c).

e. Ice fishing is permitted only on Indian Lake, Narrow Lake, Indian Pond, and Mud Lake. No motorized vehicles are allowed on the ice at any time except ATVs or snowmobiles for ice fishing purposes only in accordance with paragraph 6(j) and 6(k). Recreationists are responsible for their own safety while on the ice.

f. Remington Pond. No Fort Drum Recreational Access Pass is required to fish in Remington Pond and check-in/check-out is not required. Fishing and boating is allowed only during the posted operating hours of Remington Park. No motorized (gas or electric) boats are permitted on Remington Pond. Remington Pond is not open for ice fishing. Remington Pond is a catch-and-release only fishery.

g. **HEALTH ADVISORY.** Based on an evaluation of contaminant levels (Mercury) in fish, a fish consumption advisory is in effect for all species of fish found in Indian Lake. It is recommended that persons eat no more than one meal (one-half pound) per month. In addition, women of childbearing age, infants, and children under the age of 15 should not eat any of the fish species from Indian Lake. There are other fish consumption advisories for the entire Adirondack Region which includes Fort Drum. See the NYS Department of Health publication **Health Advice on Eating Sportfish and Game** for more information.

**13. TRAPPING**

a. Trapping on Fort Drum is in accordance with Environmental Conservation Laws of New York, applicable federal laws, and Fort Drum regulations. To determine seasons, bag limits, and other information, Fort Drum is Wildlife Management Unit 6H in the NYSDEC Trapping Regulations. **Harvested fur bearers should be reported in accordance with NYSDEC Trapping Regulations.**

b. Recreational trapping is not permitted in the Cantonment Area.

c. A Joint Access Policy exists on Fort Drum to allow trappers the ability to utilize training areas when military training is occurring. See paragraph 4(d) for more information.

d. Use of ATVs and snowmobiles is authorized for trapping purposes in accordance with paragraphs 6(j) and 6(k).

e. While engaged in trapping activities, only a .22 caliber rimfire pistol/rifle may be used or lawfully possessed, but not in Training Areas 4A, 4B, 4D, 5A, 5D, and 6B during the big game hunting season.

f. In the course of trapping, trappers may skin their catch along their traline and leave carcasses in the field.

g. It is illegal to disturb another person's legally set trap, remove a lawfully trapped animal from another person's trap, or possess an animal so removed without the owner's permission.

**14. CAMPING**

a. Camping includes, but shall not be limited to, any form of temporary shelter such as a tent, motor home, travel trailer, mobile home or the use of any vehicle for shelter or sleeping.

b. Camping in the Fort Drum Cantonment Area is allowed at designated RV areas at Remington Park. Anyone interested using these RV sites may contact DFMWR Outdoor Recreation Bldg. P-11115 Iraqi Freedom Drive or phone 315-772-5169/8222 or go to drum.army.mwr.com and select Outdoor Recreation. Recreationists using the RV Park are not required to possess a Fort Drum Recreation Access Pass or check-in or check-out at Range Branch.

c. Overnight camping in the Fort Drum Training Area is allowed year-round. All camping in the Training Area is primitive and there are no designated campsites. Recreationists engaged in overnight camping must obtain a Fort Drum Recreational Access Pass for Camping and follow check-in procedures in accordance with paragraphs 4(c).

d. No person shall discard, bury or dispose of any trash, waste or litter on Fort Drum. Trash receptacles are not provided, so recreationists must carry out what they carry in. Camping areas must be returned to their original condition before departing. See paragraph 2(j) for more information.

e. Recreationists are responsible for providing their own portable latrines and proper disposal of human waste. However, recreationists may use permanent latrines in the Training Area.

f. See paragraph 2(k) for information regarding campfires.
g. Law enforcement officers will make periodic checks on overnight users of Fort Drum to assure their safety and to ensure compliance with all applicable regulations.

15. OTHER OUTDOOR ACTIVITIES

a. Swimming is permitted at Remington Park in accordance with the Directorate of Family, Morale, Welfare, and Recreation (MWR) Standard Operating Procedure (SOP). Swimming in any body of water in the Training Area that is not otherwise restricted is allowed, but done so at your own risk.

b. SCUBA diving is prohibited in all bodies of water within Fort Drum.

c. Target shooting (all weapons) is allowed in the Cantonment Area in facilities under the direction of the Directorate of Family, Morale, Welfare, and Recreation (MWR) personnel. Target shooting with archery/crossbow is allowed in the Training Area. Target shooting with firearms or other non-archery/crossbow weapons is allowed only on ranges designated by Range Branch.

d. Capture of any raptor (e.g., hawk, falcon) on Fort Drum Military Installation for falconry is prohibited. However, the use of raptors for falconry purposes on Fort Drum is permitted with the appropriate federal, state, and Fort Drum licenses and permits.

e. Dog training is allowed on Fort Drum during the day time only and in accordance with New York State regulations. Dogs must remain under the control of the owner/handler at all times. Training of dogs on black bears is prohibited on Fort Drum. The capture of any wildlife species for the purpose of dog training is prohibited on Fort Drum. Dog owners/handlers should be aware of the danger of concertina wire in the Training Area. Fort Drum is not responsible for any injuries sustained by the dog while on Fort Drum.

f. Use of tracking dogs by licensed leashed tracking dog handlers is allowed in the Cantonment Area and Training Area per NYSDEC regulations including the use of artificial lights. The handler is not required to obtain a Fort Drum Recreation Permit or check-in on the Sportsman Hotline, but the handler must be accompanied by either a Fort Drum official or authorized recreationist in accordance with this regulation. Licensed leashed tracking dog handlers are not authorized to possess or use firearms in the Cantonment Area, but may use a collapsible spear to dispatch a wounded animal; possession and use of firearms in the Training Area must be in accordance with paragraph 7.

g. Angling and hunting for frogs is allowed in the Training Area in accordance with Environmental Conservation Laws of New York; only angling is allowed for frogs in the Cantonment Area.

h. Capture of baitfish and crayfish is allowed on Fort Drum for private use only and not for commercial purposes. The use of baitfish and crayfish must be in accordance with Environmental Conservation Laws of New York. In general, the use of baitfish or other legally taken fish species intended to be used as bait may only be used in the same water body from which they were caught for bait in hook-and-line fishing. Transportation of personally harvested baitfish over land by a motorized vehicle is prohibited.

16. PENALTIES

a. Violations of this regulation or any New York State statutes are subject, but not limited, to prosecution under 10 U.S.C., 2671, N.Y. ECL Sections 11-0321, 71-0919 and/or Section 71-0921. Military personnel are also subject to the Uniform Code of Military Justice and Fort Drum Pamphlet 600–5. For serious offenses, New York State and Fort Drum officials will be involved concurrently, and all offenders may be subject to Local, State and Federal penalties. Violations or assisting in violations of these types of offenses could result in but not limited to a revocation of New York State hunting/fishing/trapping privileges, temporary or permanent loss of recreational privileges on the installation, seizure, and potential destruction of equipment used, as well as possibly court-assessed confinement, fines or other penalties.

b. Immediate Suspension. Any person cited with a violation, misdemeanor and/or felony of any provision of New York State statutes, applicable federal laws, Army and Fort Drum regulations, by New York State Conservation Officers, Federal Game Wardens or Military Police, shall immediately surrender his/her access pass to the citing official if requested.

c. Temporary or Permanent Revocation. Issuance of a Fort Drum Recreational Access Pass is an administrative function to allow privileges on Fort Drum Military Installation. Temporary or permanent revocation of these privileges will be based on the police report, seriousness of the violation, number of violations, and any extenuating circumstances. The date of revocation will start based on the date of adjudication (not the date of violation). A letter of revocation will be provided to the violator by Fort Drum’s Fish & Wildlife Manager if the violator wants to appeal the decision to the Garrison Commander. Revocations can be appealed to the Garrison Commander in writing (Address: Fort Drum Garrison Commander, Hays Hall, P-10000, Fort Drum, NY 13602) explaining the reason why the revocation should be reduced or overturned.

d. All evidence of unauthorized hunting, fishing, trapping, or other forms of recreational activities to include but not be limited to suspected unlawfully killed or caught game or fish, unauthorized weapons, snares, traps, illegal fishing contraptions or devices, explosives, nets, or seines will be confiscated and may be released to the NYSDEC with report of
offense. A receipt of the confiscated items will be furnished to persons from whom the items are seized.
